Scope of Services

Trunk Shows

We currently offer our inventory through private sales and trunk shows.

Consulting

We are pleased to offer consulting services for clients who are interested in one-on-one assistance. We can offer advice on framing, installation, placement, décor and acquisition.

Acquisition

We also offer additional acquisition services for clients who are looking for very specific pieces.

Consignment

We offer a consignment option for pieces we believe we have the ability to help a client sell. All pieces are subject to inspection and verification.

Installation & Exhibition

We can advise clients on the installation and display of artwork, both acquired from us or from outside sources. We can also assist with the incorporation of these pieces into existing collections, as well as how to better display them in a home and/or business.

Physical Installation Services

We are available to go on-site and manually assist with the installation of any piece/collection, both acquired from us or from outside sources.

Please contact us at milkshopfinds@gmail.com for additional information regarding our services and rates.
